From the Rev Comm
Rg 4 cos Rs
with reference to
their arrangements
made to supply rice
of the ryots of the village
to that place.

The arrangement for supplying rice to the C+M station is contained in para 2 of the letter Dt 26/1/18 to the Residency, in accordance with which the merchants of that place would be licensed to purchase rice from the villages and sell it in the station. The proposal referred to in the paper under disposal is one in accordance with which the ryots themselves have to take the grain to the C+M station and sell it to the merchants there who will in their turn sell the same under the Control.

No further steps to be taken by us. A reply has already been sent to the Collr

DIARY NO. 9662

7-no. 752 16.12.18

FROM

MAJOR E. H. S. JAMES,
FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Chief Secretary to the Government of
His Highness the Maharaja of Mysore.

Dated Bangalore, 14 December 1918.

SIR,

I am directed to address the Durbar with regard to the question of the supply of ragi to the Civil & Military Station of Bangalore.

2. The Collector of the Station states that he has been in constant touch with the Director of Civil Supplies in Mysore and that the understanding has been, as the position developed, that whatever estimates of foodstuffs requirements the latter officer framed should include provision for the population of the Civil & Military Station of Bangalore. The Durbar have now commandeered ragi in the Mysore State and similar action is being taken in the Civil & Military Station. But the latter is a deficit area with limitations equalled probably only in the Delhi province; that is to say, it is a large town with comparatively little producing area attached to it. It is, therefore, almost entirely

entirely,
dependent on the Mysore State for the supply of ragi. As a result of calculations worked out by the Collector and the Director of Civil Supplies, Mysore, on the basis of the ragi eating population, it appears that the consumption of ragi in the City of Bangalore and in the Civil & Military Station is in the proportion of 25 to 10. The Collector reports that the Station requires daily 10 cartloads of ragi of 8 bags each; and that the supply available from the few villages included in the Station limit is quite inadequate and will not last long. The situation, therefore, is reported to be very critical.

In the circumstances the Hon'ble the Resident will feel much obliged if the Durbar will be good enough to make early arrangements to guarantee to the Civil & Military Station a daily supply of 10 cartloads of ragi, and until that maximum can be attained, a proportionate supply of what is received in the State depot. The Collector says that the Amaldar and staff of the Station will always be at the disposal of the Director of Civil Supplies in such transactions.

3. The favour of a very early reply is requested.

I have the honour to be,

Sir,

Your most obedient servant,

First Assistant Resident.

No. 1198 Office of the Food Controller in Mysore,

Bangalore, 19th December 1918.

From

18170 K. Matthan, Esq., B.A.,

Food Controller in Mysore,

B a n g a l o r e.

To

C. S. Balasundaram Iyer, Esq., B.A.,

Chief Secretary to the Govt. of Mysore,

B a n g a l o r e.

Sir,

With reference to your letter No. G. 11809-10/P.P. 134-18-10 of the 17th instant, regarding the supply of ragi to the Civil and Military Station, I have the honour to state that prior to the receipt of your letter I had arranged to discuss the matter with the Collector of the Civil and Military Station. I met Mr. Tasker on the 17th instant, when he explained that the needs of the Civil and Military Station amounted to 10 cart loads a day, that he expected the new ragi crop to be available by the end of January, that about 200 cart loads could be commandeered in the villages attached to the Civil and Military Station, which would give an average of 5 cart loads a day for 40 days and that for the balance of 5 cart loads a day required for the same period arrangements would have to be made for supplies from the Provincial Depot as is done for the Bangalore City. I informed him that the Provincial Depot at Bangalore was intended to supply the needs not only of the Bangalore City, but also of all deficit areas in the State, that the stock

in the depot was only over 3,000 bags, that stocks were not coming in as rapidly as we had expected, and that it might not be possible to gurantee 5 cart loads or 40 bags every day from the Provincial Depot to the Civil and Military Station. I added that I would endeavour to make a satisfactory arrangement for supplies to the Civil and Military Station through a licensed merchant or through the Amildar of the Bangalore taluk.

2. Subsequently I have met the Amildar of Bangalore, and he has arranged for a supply of 200 cart loads of ragi to the Civil and Military Station during the next 40 days from 20 villages in the Bangalore taluk. These villages will not be drawn upon for supplies to the Provincial Depot. This has been intimated demi-officially to Mr. Tasker.

3. I trust that the arrangement made will meet with the approval of Government and that it will work satisfactorily.

I have the honour to be,

Sir,

Your most obedient servant,

H. M. Lasker.

20-12-1918.

For Food Controller
(Absent from Station)

Mn Pol 606 & 26 12/18

To

The First Assistant to the Hon'ble
the Resident in Mysore.

Sir,

I am directed to acknowledge the receipt of your letter No. 8586, dated the 14th December 1918 on the subject of the supply of ragi to the Civil & Military Station of Bangalore and in reply to state that as already communicated in my several letters on the subject the stock of food grains in the State is rather limited but that every effort will be made to make available the quantities of ragi that may be required for the Civil & Military Station.

2. As it is reported that the Collector, Civil & Military Station, has intimated to the Food Controller that only 5 cart loads of ragi will be required per day for the next 40 days i.e., till the next harvest comes, the Government of His Highness have arranged to allot, for supplies of ragi to the said area about ~~10~~ 20 villages in the Bangalore Taluk which are believed to be sufficient for the purpose. The Food Controller will issue necessary permits for the purchase of ragi in these villages by such of the merchants of the Civil & Military Station as may be licensed by the Collector in this behalf.

3. The Durbar hope that the above

arrangements

124

arrangements will be found suitable.

I have etc.,

Chief Secy. to Govt.

OFFICE OF THE REVENUE COMMISSIONER
IN MYSORE.

No. JC 40-3 — Bangalore, 2nd January 1919.

DIARY NO. 10708 C

FROM

K.R.Srinivasaiengar Esq., M.A.,
Revenue Commissioner in Mysore.

To

Chief
The Secretary to the Government of
His Highness the Maharaja of Mysore,
~~*Department.*~~

SIR,

With reference to your letter No.G.11809-10/P.P.134-18 dated the 17th December 1918 calling for my views on the Residency letter regarding the supply of Ragi to the Civil and Military Station of Bangalore, I have the honor to state that, as explained in the Food Controller's letter No.1198 dated the 19/20th December 1918 addressed to you, adequate arrangements have been made for the supply of the required quantity of Ragi to the Station. In a further communication to me, the Food Controller states that the present arrangement made by the Amildar of the Bangalore Taluk is, to get out producers in a few specified villages to take their Ragi to the Station and supply to the merchants who have agreed with the Station authorities to sell under control and that as soon as a merchant of the City comes forward to buy the Ragi in the villages and supply to the Station, the business would be entrusted to such a merchant.

I have the honor to be,

Sir,

Your most obedient servant,

Revenue Commissioner.
